In The Name Of God

Dear Captain,
Good Day,

Please be noted that recently there was a fatal incident on board one of our fleet vessels, Which resulted in death of two key personnel due to unauthorized alcoholic beverage consumption on board.

Despite the existence of "COMPANY DRUG & ALCHOL POLICY" on board, this should have not been happened, If the instructions had been followed correctly and effectively.

To prevent the recurrence of similar incidents on board fleet vessels, Following points must be taken into account, carefully considered and observed:

- 1- Precise control on the ship's entrances and full control over the movement of personnel and their equipment.*
- 2- Training of key officers and personnel on complete and accurate implementation of ISPS code on board.*
- 3- Control, supervision and recording of all items assigned to the personnel from ship's dispensary.*
- 4- Training and familiarization of the masters and officers with the psychological issues of the ship's personnel, by holding relevant training courses.*
- 5- The need for full implementation and justification of personnel at the time of joining, Especially expatriates, regarding the policy of banning alcoholic beverages on board fleet vessels. (COMPANY DRUG & ALCHOL POLICY).*

You are requested to confirm receipt, discuss the contents in the next consolidated meeting on board & keep a copy in the file DA-11.

BEST REGARDS
